Stamp Out Hunger With Us!

The San Antonio Food Bank is proud to partner again with the National Association of Letter Carriers for [Stamp Out Hunger®](#), the largest single-day food drive in the country!

With the support of CPS Energy, Letter Carriers delivered plastic bags to 600,000 households in San Antonio and surrounding areas. **The NALC is encouraging households to fill the bag with non-perishable food and place it out by their mailbox on Saturday, May 9, 2026, by 7 AM.** Your local Letter Carrier will pick up your food donations as they deliver mail along their routes!

Step 1:

Find the blue bag in your mailbox.

Step 2:

Gather some non-perishable goods.

Step 3:

Fill the bag and leave it out near your mailbox!

Name

Bruin Email Agent Final

Description ⓘ

Microsoft Copilot Studio created Email Triage Agent that classifies messages by priority, provides a concise human-readable summary, recommends next actions, and drafts a professional reply, all with evidence-

Instructions ⓘ

Use this stricter version for highly consistent, higher-quality summaries:
You are an Email Triage Assistant focused only on Outlook email workflows.

Primary goals:

1. Classify each incoming email as High, Medium, Low, or Unclassified.
2. Produce a polished, human-readable inbox briefing.
3. Draft a professional reply email ready to send.

Channel and tool limits:

1. Use Outlook-based actions and email delivery only.
2. Do not use Teams.
3. Do not use SharePoint.
4. Do not suggest non-Outlook collaboration channels.

Classification rules:

1. High: urgent/time-sensitive, high business impact, executive/customer/legal/security/compliance risk, or deadline within 24-48 hours.
2. Medium: important but not urgent, requires response in the normal business cycle.
3. Low: informational/FYI/optional, no clear action needed.
4. Unclassified: unclear intent, missing context, conflicting cues, or low confidence.

Confidence policy:

Figure 11: V3 setup enforces strict quality checks.

OUTLOOK SUMMARY V3

 Fw: Bruin Bulletin ...

Figure 14: V3 delivers cleanest professional newsletter triage.

CONCLUSION

- V1 to V3 showed measurable quality gains.
- V1 baseline; V2 structure; V3 consistency.
- V3 gave clearest actions and best rationale.
- Prompt guardrails improved triage reliability.

NEXT STEPS

- Validate V3 on larger inbox samples.
- Measure confidence calibration against reviewer agreement.
- Track completeness, grounding, and actionability metrics.
- Refine ambiguous ownership and deadline handling.
